

Paper size for a normal wallet is 38.7cm x 55.1cm

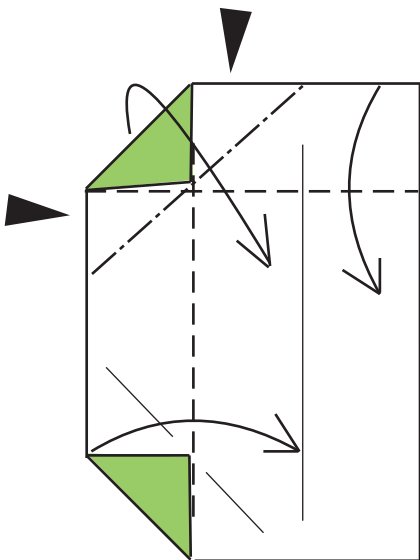

1. Precrease into thirds.
Bahagi kepada tiga

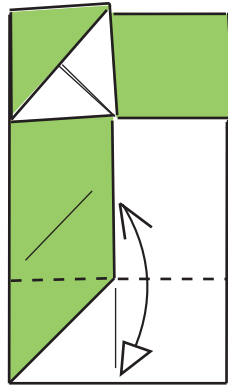

2. Valley fold
Lipat lembah

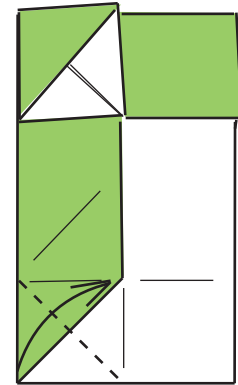

3 Mountain fold/unfold
Lipat gunung/kembali

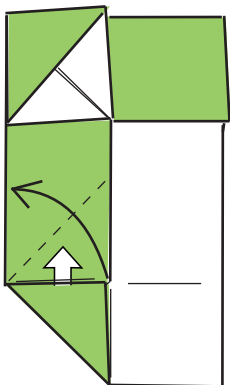

4. Collapse creases into a rabbit ear formation.
Bentuk jalur lipatan dalam sesuatu bentuk telinga arnab.

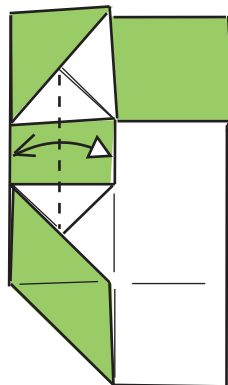

5. Valley fold/unfold
Lipat lembah/kembali

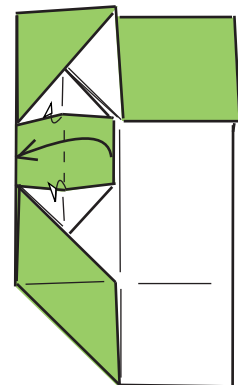

6. Valley fold
Lipat lembah.

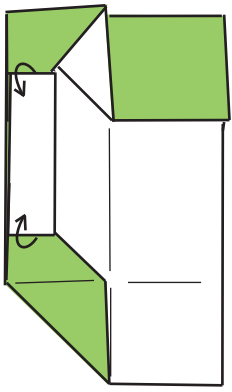

7 Valley fold the top section while releasing the trapped layer to the left.
Lipat lembah bahagian atas, sama sekali, membebaskan helai yang tersekat, ke arah kiri

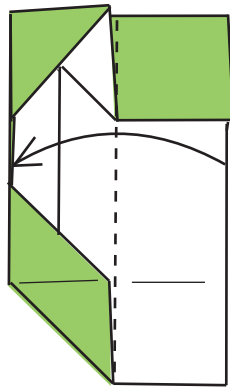

8. Precrease all layers.
Lipat/kembali semua helai.

9. Valley fold to the left, while pulling the pockets outwards.
Lipat lembah ke kiri dengan menarik keluar dua buah saku.

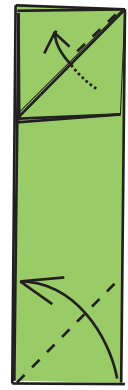

10. Insert the access into the side pockets.
Masukan kelebihan ke dalam saku disisi

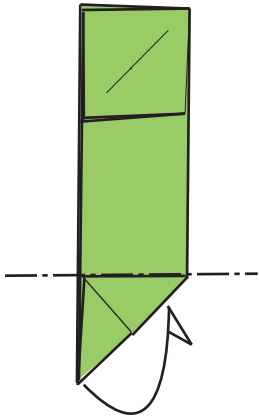

11. Valley fold to the left.
Lipat lembah ke kiri

12. Valley fold down.
Lipat lembah ke bawah

13. Pull out trapped layer at the top. Valley fold all layers beneath.
Tarik lapis tersekat di atas. Lipat lembah semua helai dibawah.

14. Mountain fold back.
Lipat gunung ke belakang.

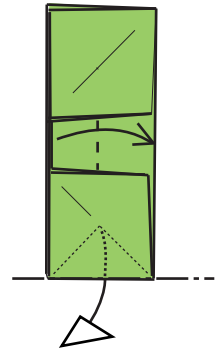

15. Pull of the top section only to release the trapped layer beneath.
Tarik bahagian atas untuk membebaskan lapis yang tersekat di bawah.

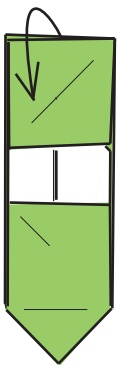

16. Heres the X-ray view, there will be a point sticking out.
Bahagian dibawah: satu bucu tajam dapat dilihat.

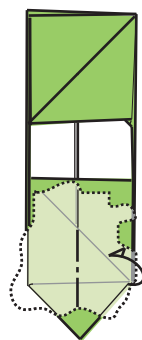

17. Valley fold
Lipat lembah.

18. Valley fold the layer beneath only. Swing the flap beneath upwards.
Hanya lipatkan lembah di bawah ke kiri sahaja. Keluarkan bucu dibawah.

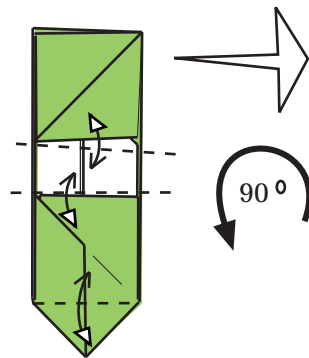

19. Pull out the trapped layer and bring it to the top. (The top layer goes in the pocket.)
Tarik bahagian tersekat dan bawanya ke atas. (Bahagian atas masuk ke dalam saku)

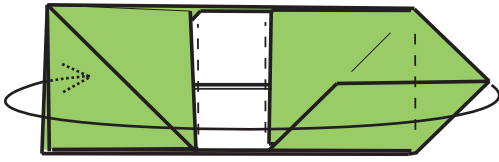

20. X-ray view again: mountain fold the inner section back into the pocket.
Pandangan lutsinar: lipat gunung bahagian dalam ke belakang serta masukannya ke dalam saku.

21. Bring the bottom layer to the top. (Similar to step 18)
Bawa bahagian bawah ke atas. (Sama seperti tangga 18)

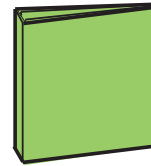

22. Valley fold unfold to crease the binding. Then rotate 90°.
Lipat lembah/kembali untuk membuat pemegang penyimpan. Kemudian, putarkan kepada 90°.

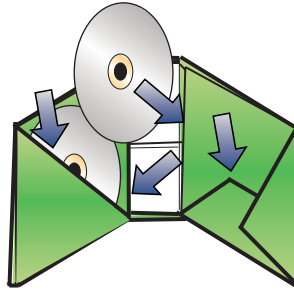

23. From previous creases, bring the corner to the left and tuck it in the pocket to close the wallet.

Dari lipatan sebelum ini, bawa bucu ke kiri dan masukan ke dalam saku untuk menutup peti.

24. Completed CD wallet, in closed view.

Penyimpanan CP selesai dan ditutup.

25 Opened CD wallet. Note: there are two pockets at the back and two at the front. Back pockets can hold three CD's and front pocket holds one CD

Penyimpanan dibuka, ada dua saku di belakang dan hadapan. Saku di belakang dapat menampung satu cakera dan saku di depan menampung satu cakera.
